UK Census Online

"Bringing YOUR ancestors to YOU, free of charge!"

Have YOU ever thought of the benefit of the U.K. Census data being centrally available on ONE database, and being able to trace your ancestors from 1841 to 1891?

This project aims to provide a "free-to-view" online searchable database of the 19th century UK census returns. It is part of [FreeUKGEN](#), an initiative aimed at helping make high quality primary (or near-primary) records of relevance to UK genealogy conveniently and freely available online, in a coherent, easy to access and search, information retrieval system. (Other projects associated with the FreeUKGEN initiative are [FreeBMD](#) and [FreeREG](#)).

Many volunteers world-wide are working on the transcription (125 volunteers as at December, 2000, doubled to 250 as at June, 2001!), now 2003 over 500 which is well under way (primarily for the 1891 Census at present).

The [FreeCEN search engine](#) is now fully operational.

UK Census Online

"Bringing YOUR ancestors to YOU, free of charge!"

Have **YOU** ever thought of the benefit of the U.K. Census data being centrally available on **ONE** database, and being able to trace your ancestors from **1841 to 1891**?

This project aims to provide a "free-to-view" online searchable database of the 19th century UK census returns.

FreeCEN is part of **FreeUKGEN**, an initiative aimed at helping make high quality primary (or near-primary) records of relevance to UK genealogy conveniently and freely available online, in a coherent, easy to access and search, information retrieval system.

Other projects associated with the **FreeUKGEN** initiative are [FreeBMD](#) and [FreeREG](#).

Volunteers

Many volunteers world-wide are working on the transcription.

The number of volunteers has grown since its inception in 1999 to 125 in December 2000. It doubled to 250 for June 2001, over 500 in 2003 and currently has 2000+ as of July 2005.

We are constantly looking for new volunteers. We need help with Transcribing and Checking. We transcribe and check from Micro Fiche and from CD's, so you have a choice depending upon which Census year you volunteer to help with. To contact the Coordinator for a County that you are interested in helping with, please look at the [Transcription page](#).

As well as the 1891 Census we are also working on the 1841, 1851, 1861 and 1871 census. We are continually adding new transcriptions. For further details of how we are progressing please look at the following statistics page on <http://www.freecen.org.uk/statistics.html>

Thank you FreeCEN!!!

There's much more information about us on our website: www.freeukgenealogy.org.uk

...and you can follow us on social media (we ha

We couldn't do what we do without our volunteers, and we're always looking for more. If you're part of the FreeUKGEN team, go to <https://www.freeukgenealogy.org.uk/about/volunteer/>

Thank you!
